

City of Two Harbors 2018 Streets & Alleys Construction Project Update

The new construction year is here and the New 2019 Streets & Alleys Construction project will be starting soon. Even though the new project will be happening this year, we have not forgotten about last year's "2018 Streets & Alleys Improvement" construction project. The Contract for the 2018 project is still OPEN and has not been finalized yet. There is currently a Punch List of items that the Contractor will be addressing this year. The Contract will not be CLOSED out and Finalized until the Contractor addresses all the items on the list to our standards.

Just wanted to reassure everyone that last year's Construction project is still open. Please feel free to call me or email me with any questions or concerns that you may have about the "2018 Streets & Alleys Improvement Construction Project" or the new "2019 Streets & Alleys Improvement Construction Project".
